## ABOUT US

Moving with the mission to produce solutions that will increase the quality of life and leaving behind 83 years with the innovations it has brought with its visionary perspective, Iskefe Holding has launched the 100% domestic production Naturagen Collagen brand. The holding, which has seven Leather Factories, Gelatin Manufacturing Site, Animal Origin Liquid Amino Acid Manufacturing Site, R&D Center and Test Laboratories, started to use its experience in these areas in collagen production as well. Allocating 10% of its turnover to R&D studies, the company also operates in the field of medical technologies with its focus on innovation and high technology. In this context, Naturagen Collagen, which it added to its brands, offers its consumers a wide range of products for healthy beauty. Naturagen Collagen is the company that produces, sells and markets collagen hydrolyzate produced within the body of Iskefe Holding for domestic and international markets as a food supplement for final consumption. The most important values of Naturagen are that the collagen hydrolyzate food supplement products that consumers need contain raw materials obtained from high quality, reliable and traceable sources and that these are offered to customers at affordable prices.
