# TRIAWELL

Health and Beauty

Triawell is an innovative company that starts with the motto of "Health and Beauty" and develops products that make people feel good. We produce food supplements and personal care products. We have modern facilities and reputable brands which serve consumers.

We care about the necessity of having a healthy body and healthy life based on a person's well-being. We observe that having a healthy life turns into beauty at every age. At Triawell, we produce special products for this field, food supplements, and personal care products for women, men, and children. You can examine our wide range of products in this catalog; from vitamin and mineral supplements to collagen-containing beauty products.

If you want to know about **Vitago**, **VitagoKids**, **Twelness**, and **Nobler** branded products which are produced by us in our GMP, ISO, BRC, HACCP, HALAL certificated facilities, just send an e-mail to [info@triawell.com](mailto:info@triawell.com).

[hepiyihisset.com](http://hepiyihisset.com) is an e-commerce portal that offers high-quality branded health and beauty products at affordable prices and fast delivery shopping.

Follow us via LinkedIn!  
in Vitago | Triawell

With the motto "Goody Supplement" we set out to offer reliable and innovative products at affordable prices to meet consumers' healthy food supplement needs. We offer high-quality products to make consumers stronger against diseases, make them get rid of fatigue and stresses of the modern world and also satisfy high-quality supplement need which has increased recent years

Within this scope, we offer products that do not contain preservatives, sugar, gluten and lactose in water-soluble effervescent product groups produced for children, adults, men and women. On the other hand, we have the first and only approved vitamin D3 obtained from the lichen plant in the world and also we have the vitamin D3 + K2 product produced in Turkey completely herbal and without preservatives. Our mission is to be reached by the consumers all around Turkey and the World through every distribution channel with the our innovative and expanding product range. Our company, which is currently have 20 different product types dedicated to making the consumer feel good and aims to offer up to 40 different products to the users by the end of 2021.

We follow all the necessary certification processes to maintain and upgrade our current product standard. For this purpose, we have provided all the necessary certificates up to now. We have GMP Good Manufacturing Practices Certificate, ISO 9001: 2015 Quality Management System Certificate, BRC Certificate, HACCP 22000: 2005 Food Safety System Certificate, Halal Production Certificate and FDA American Food Commission Compliance Certificate. We develop our products in our own factory, with our own laboratory infrastructure and expert academicians from Pharmacy faculties.

Under the brand of "Vitago Kids" are produced in cooperation with TRT Kids Rafadan Tayfa-one of the most-watched and admired children's cartoon characters in Turkey-and sold on [TRTMarket.com](http://TRTMarket.com).

We know the importance of reliable and sustainable food safety for a better world, and we invite our consumers to try our products formulated with science, carefully produced and packaged with emotion.

**Ingredients:** Fish Oil, Flavor: orange flavor, DL-  
Alphatocopheryl acetate, retinyl palmitate,  
menaquinone 7, cholecalciferol.

**Suggested Usage:** For 4-10 years old children the  
recommended daily usage is 1 measure(5 ml).  
For individuals aged over 11 recommended daily  
usage is 2 measure(10ml)

*Vitago Kids Fish Oil is the first product in  
Turkey to be flavored with organic orange oil to  
facilitate children's fish oil consumption. Natural  
orange oil suppresses the smell of fish oil and  
makes the product more delicious.*

*The fish oil used in it contains omega-3 in the  
form of triglycerides.*

*It was purified by Molecular Distillation method.*

*Fish oil, which has high synergy with fat-soluble  
vitamins, is prepared as a vitamin complex product.*

*The product is packaged in a protective  
atmosphere to preserve its freshness.*
