FUE MICROMOTORS & HANDPIECES

FUE MICROMOTORS&HANDPIECES

E-CUBE Micromotor

- LCD Window
- 9 Programmable memory function
- Automatic overload protection function
- Automatic power off function
- Charging time: Approx. 5 hours
- Variable Speed Foot control
- Thin hand piece
- Dual Voltage 100-240 volts
- 1 year warranty

Product code 60-250-00

K-38 Chargeable Autoclavable Micromotor

Chargeable ≈ 7 hours

Digital speed screen

Small control box

Foot/Hand control

Handpiece:

1. inner channel cooling system
2. straight Head
3. rotation speed: about 20,000rpm
4. bur applicable: $\phi 2.35\text{mm}$
5. noise: $\leq 70\text{dB}$

Product code 60-700-00

FUE MICROMOTORS&HANDPIECES

E-CUBE Micromotor

- Available in red, white and black
- Long Continuous Operation.
- High quality, light and Compact hand piece.
- Hand piece Weight 126g
- RPM: 0 ~20,000rpm

Product code 60-900-00

Marathon-3 Champion Autoclavable Micromotor

Hand-foot pedal
Autoclavable handpiece

- 1.inner channel cooling system
- 1.inner channel cooling system
- 2.straight Head
- 3.rotation speed: about 20,000rpm
- 4.bur applicable: $\phi 2.35\text{mm}$
- 5.noise: $\leq 70\text{dB}$

Product code 60-500-00

FUE MICROMOTORS&HANDPIECES

Marathon-3 Champion Micromotor

Hand-foot pedal
non-Autoclavable handpiece
Hand -foot pedal control

RPM $\approx$ 30,000

Product code 60-501-00

Marathon-Micromotor with metal handpiece

Hand-foot pedal control
non-Autoclavable handpiece

RPM $\approx$ 35000
High quality durable metal handpiece

Product code 60-502-00

FUE MICROMOTORS&HANDPIECES

Marathon-3 Champion silicon Micromotor

- Handpeice with metal and silicon grip.
- Light weight, durable
- RPM≈30,000
- Hand-foot control

Product code 60-503-00

K-38 Chargeable Micromotor

- Chargeable≈ 7 hours
- Digital speed screen
- Small control box
- Foot/Hand control
- non-Autoclavable metal handpiece

Product code 60-701-00

FUE MICROMOTORS&HANDPIECES

Handpiece Autoclavable

- 1.inner channel cooling system
- 1.inner channel cooling system
- 2.straight Head
- 3.rotation speed: about 20,000rpm
- 4.bur applicable: $\phi 2.35\text{mm}$
- 5.noise: $\leq 70\text{dB}$

Product code 60-600-00

FORCEPS

FORCEPS

Scharf Extracting Forceps

- Special design
- Micro atraumatic serration on tip
- Adson type grip
- Titanium coated
- Special wrist friendly angle

Product code 50-400-01

Foerster Extracting Forceps

- for extracting grafts
- Diamond dusted tip to reduce trauma
- Durable grip with no risk of slip
- Can extract multiple grafts
- Light weight and durable
- Special wrist friendly angle

Product code 50-400-03

FORCEPS

Curved Extracting Forceps

- Light weight-durable
- No hair break
- No damage to hair
- Especially for extracting the grafts
- Durable tip, it has easy grip
- Extract multiple grafts at a times
- Available in Titanium coating

Product code 50-400-02

FUE Implant Forceps 4mm

- Improved design-PVD coated
 - Specially for implanting grafts
 - Durable tip and easy grip in hand
 - 45 angle designed for placing grafts
 - Easily fit into smaller recipient sites, without damaging

Product code 50-600-04

FORCEPS

FUE Implant Forceps 5mm

Improved design-PVD coated

- Specially for implanting grafts
- Durable tip and easy grip in hand
- 45 angle designed for placing grafts
- Easily fit into smaller recipient sites, without damaging

Product code 50-400-05

FUE Implant Forceps 6mm

Improved design-PVD coated

- Specially for implanting grafts
- Durable tip and easy grip in hand
- 45 angle designed for placing grafts
- Easily fit into smaller recipient sites, without damaging

Product code 50-600-06

FORCEPS

FUE Implant Forceps 4mm **With holes**

Improved design-PVD coated

- Specially for implanting grafts
- Durable tip and easy grip in hand
- 45 angle designed for placing grafts
- Easily fit into smaller recipient sites, without damaging

FUE Implant Forceps 5mm **With holes**

Improved design-PVD coated

- Specially for implanting grafts
- Durable tip and easy grip in hand
- 45 angle designed for placing grafts
- Easily fit into smaller recipient sites, without damaging

Product code 50-601-05

Product code 50-601-04

FORCEPS

FUE Implant Forceps 6mm **With holes**

Improved design-PVD coated

- Specially for implanting grafts
- Durable tip and easy grip in hand
- 45 angle designed for placing grafts
- Easily fit into smaller recipient sites, without damaging

Product code 50-601-06

Straight Forceps

- Improved design
- Best for rearranging grafts
- Durable tip and easy grip in hand.
- Made of medical grade stainless steel
- Available in titanium coating

Product code 50-700-00

Blades & Holders

Blade Holders

Balde Holder 13 cm

- Specially designed with a TC (Tungesten Carbide) tip for better grip of blade
- Easy healing – good results for hair growing
- Very Thin & Light Weigh

Product code 04-330-13

Balde Holder 11 cm

- Specially designed with a TC (Tungesten Carbide) tip for better grip of blade
- Easy healing – good results for hair growing
- Very Thin & Light Weigh

Product code 04-330-11

Blade Holders

Blade Holder 09 cm

- Specially designed with a TC (Tungsten Carbide) tip for better grip of blade
- Easy healing – good results for hair growing
- Very Thin & Light Weigh

Product code 04-330-09

CTS Blades

- Specially designed with a TC (Tungsten Carbide) tip for better grip of blade
- Easy healing – good results for hair growing
- Very Thin & Light Weigh
- Sizes 0.9 mm-to.- 1.6 mm

Blade Holders

Halsey needle Holder

- Specially designed with a TC (Tungsten Carbide) tip for better grip of blade
- Easy healing – good results for hair growing
- Very Thin & Light Weigh

Product code 11-541-13

Sapphires

Sapphire Handle

- Sapphire handle made of Titanium
- For all sizes of Sapphire Blades
- Retractable Lock
- Reusable- Autoclavable

Product code 05-100-00

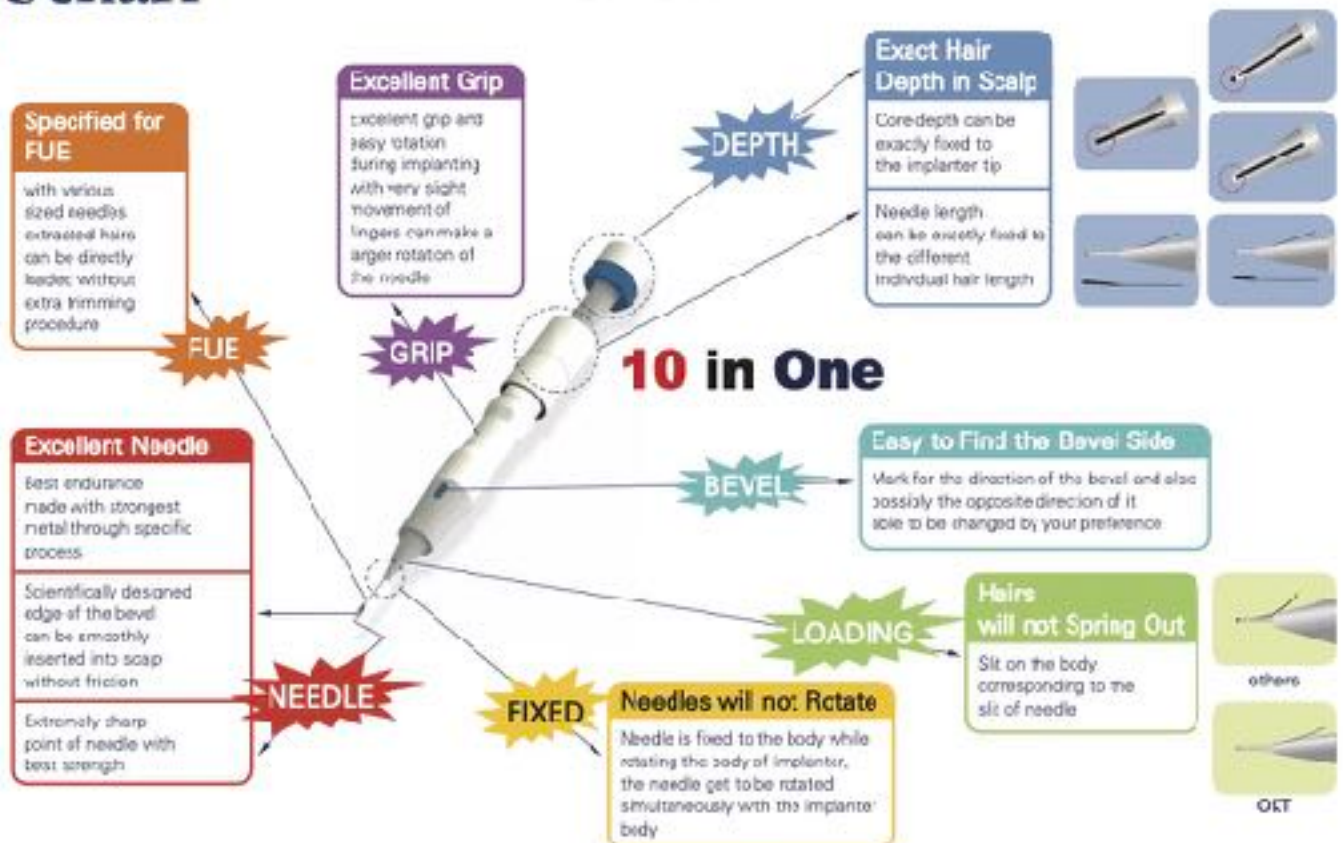

Sapphire Blades

- Diamond Hair Transplant Knife/ Blade 60°
- Available Sizes: 0.8mm 60° – 0.9mm 60° – 1.0mm 60° – 1.1mm 60° – 1.2mm 60° – 1.3mm 60° – 1.5mm 60°
10000 – 20000 slits with one blade
- Smooth edge and sharp point.No damage existing hair
- High survival rate Less scaring

Product code 50-100-....

Choi Implanters

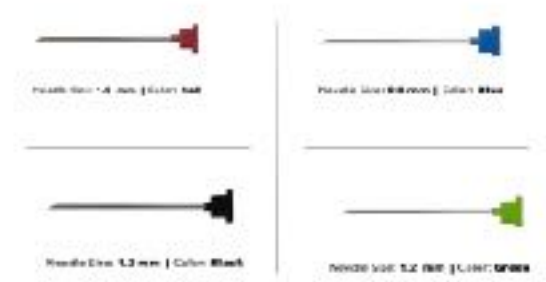

Choi Implanters

Chois Hair Implanter

0.8mm -1.0mm-1.2mm-1.3mm

- FUE Specifies: Hairs can be directly loaded without extra trimming procedure
- Excellent Needle: Made with strongest metal through specific process
- Extremely sharp point of needle with best strength
- Excellent grip and easy rotation during implanting
- Needles will not rotate

Implanter Needle

0.8mm -1.0mm-1.2mm-1.3mm

- Excellent Needle: Made with strongest metal through specific process
- Extremely sharp point of needle with best strength
- Needles will not rotate
- Exact hair depth in scalp
- Easy to find the bevel side

- *Efficient:* Its incorporated reservoir allows for operation in every position.
- *Easy to Use:* The armament s activated by a simple turn of the lever, and the liquid s flushed by pressing the button on the upper part of the machine.

Magnifiers-Optics-Hairliners

Magnifiers-Optics-Hairliners

Hairline Laser device

- Easy to draw precise hairline .
- ergonomic grip .
- works with 3v Batteries
- 2 years warranty

Product code 70-300-00

Hair Anlayser

- Magnification: 10x / 38,0 dpt
- Lens size: 35mm diameter
- Lens type: Aspheric lightweight lens
- LED Illumination
- Battery operated- The magnifier runs on two AAA batteries

Product code 70-200-10

Magnifiers-Optics-Hairliners

Optic Magnifier with 5 Lenses and Light

5 lenses .

with batteries .

LED light

Product code 7 0-400-00

Optic with chargeable light

- USB rechargeable LED light
- light weight
- double magnifications.(two pieces lens combinations)
- 1.5x+2.0x 1.5x+2.5 x. 2.0x+2.5X
